

"The Pipeline"

NUCA OF THE CAROLINAS

PRESIDENTS REPORT

May, 2021

The warm days of summer are almost here and dust is in the air. It looks like we are off to a productive construction season with a lot of opportunity for success. I would like to thank everyone for the great turnout at our spring conference. Grand Dunes was a great location with great weather. Thanks to Linda and all the member/sponsor support; we set records both in attendance and fund raising. It was good to have members of National NUCA present to see what a great association we have assembled and developed over the years. We would like to thank Kevin

Ferguson, McGriff Insurance, Misty Wise, SC811, Louis Panzer, NC811, Travis Vance from Fisher and Phillips, Carson Goslee and Brad Barringer for taking the time to update us on important industry topics.

The weather was great for both the clay shoot and golf. Congratulations to the winners of the clay shoot; Top Gun, Mark Lunsford, Closest to the Bird, Greg Fuller & Most Improved Tim Haechten. Congratulations to the winners of the golf tournament Kevin Cripps, Doug Carlson, Glenn Foley and Chris Lydick. Closest to the Pin Chase Boyer. We appreciate all the participants in both events for a great turnout.

Thanks to everyone for the Safety Award submissions and a special thanks to those selected to present their applications. Congratulations to the winners; Palmetto Rock for the Under 150,000 man hours award and to T.A. Loving for the over 150,000 man hours award.

Looking ahead we have the Washington Summit coming up on May 26th. We have several members going to "The Hill" virtually. If you are interested in participating, contact Linda or myself to get the information. There is an orientation Webex meeting on May 12th for those interested. There is a lot going on with renewed interest in national infrastructure and we need to make sure our voices are heard.

Looking ahead Kevin Cripps, Chris Sellman and Linda have organized the 2021 NUCA Open Golf Tournament. It is set for July 29th at "The Cardinal by Pete Dye" in Greensboro. Kevin has invited Congressman Mark Walker and NC Representative Jon Hardister to attend. Thanks to Kevin, Chris and Linda for doing this. A Special thanks to Xylem, Inc for sponsoring the event. Please consider attending and sponsoring the 2021 NUCA Open. Linda will have more information and registration coming out soon.

I hope everyone has a safe and productive construction season. Let us hope for good weather and good fortune for all. Please reach out to others in the business and tell them about our great organization.

Thank You

Brian Wilkerson

Spring Conference Continued

All,

What a Spring Conference! that is all I can say. It was great seeing everyone since it has been what seems like forever since we all could get together. As we all know there is always a lot of planning and organizing that goes on to make our conferences what they are. As we all get together, whether it be at the welcome reception, breakfast, listening to the presenters, or even at the last evenings dinner, Linda is always making sure that everything goes off without any problems. As we sit and listen to the presenters educating us on their topics Linda is making sure that the other presenters are there and have everything they need. But there was one presenter that really stood out at the conference so much that Linda actually sat down and listened. Yes, I am talking about Carson Goslee who gave one heck of a presentation. With this being said, out of all the conferences that I have been able to attend I can't ever remember seeing Linda sit down and be able to listen to the presentation. With Carson's presentation, I don't think Linda sat down to listen to it as much as being one proud mother to see her son speak to such a great group of contractors. With this being said there are 2 things that I took out of seeing this; 1- family is the most important thing that we have on this earth and we should cherish every moment we can with them. 2- Linda, we all are grateful to have you and appreciate everything that you do for NUCA OF THE CAROLINAS, thank you again.

Infrastructure In A New Administration NUCA'S (VIRTUAL) WASHINGTON SUMMIT

Congress is building again!

The new Congress and Administration want to make infrastructure a priority. So does our industry!

There will be several significant infrastructure resource bills on the Congressional agenda in late May 2021. Your expertise and passion will be vital to making Congress hear our message loud and clear.

Our virtual 2021 Summit will enable you to hold an online meeting with your elected lawmakers and staff right from your office or jobsite. Your NUCA Chapter will arrange these meetings for you.

To register for the May 26 Washington Summit, visit www.nuca.com/summit.

WEDNESDAY, MAY 26, 2021

2021 Washington Summit

Digging America's Future

Washington Summit

**Wednesday, May 26th—Virtual
Register @ nuca.com/summit (Free)**

9:00 AM -- 9:45 AM EST - *Opening Session*

Join our invited keynote Congressional speakers and listen in as they discuss our current industry issues. *Via Webex.*

10:00 AM -- 4:30 PM EST

Virtual Capitol Hill visits with legislators, arranged by Chapter Executive Directors. These online meetings will be scheduled at various times during the day, lasting about 15-20 minutes. *Via Webex or Zoom.*

**Contact Linda Goslee—lgoslee@nuccarolinas.org
to participate in the virtual chapter meetings.**

5:00 PM EST

Wrap up, feedback, and comments from participants. Join NUCA CEO Doug Carlson and Chapter staff for a wrap up of the days events. *Via Webex.*

Trench Safety Stand Down

June 2021 has been declared “Trench Safety Month” by the National Utility Contractors Association. This declaration of safety further highlights the association's innovative educational and safety program, the “Trench Safety Stand Down” week, that will held June 14 - 18, 2021.

Every June since 2016 NUCA has held the innovative **Trench Safety Stand Down (TSSD) Week** for the utility construction industry. This year's event will occur at hundreds of jobsites across the nation, reaching tens of thousands of workers.

TSSD Week is a series of organized events held by NUCA and industry members to emphasize the message of safety around jobsite trenches and excavations. TSSD Week is used by industry safety professionals to hold safety training, educational seminars, live demonstrations of trench rescues, and other activities to reinforce the message of trench safety.

S&RM MEETING

Tuesday, May 18th

10:00 a.m.—Noon

**James River Equipment
4161 Auburn Church Road
Garner, N.C.**

Lunch provided by JF Wilkerson Construction Company

Please RSVP by Friday, May 14th to lgoslee@nuccarolinas.org

JUNE IS TRENCH SAFETY MONTH!

Safety Training and Protective Systems Save Lives

Trench Safety Stand Down Week | June 14–18, 2021

Make plans for your company to participate in this year's NUCA Trench Safety Stand Down Week. Being a part of our popular 5th annual TSSD Week will help educate your employees on trenching hazards at the jobsite.

OSHA's National Emphasis Program on Trenching and Excavation is a high agency priority. NUCA and OSHA have teamed up again this year for our annual trench safety program. More than 32,000 employees on 3,500 jobsites participated in the 2020 TSSD.

Every company or organization that holds a TSSD will receive a certificate of participation, as well as hard-hat stickers for every employee who participated. Recognition will also be given in NUCA publications. Please plan for your company to be a part of this vital industry safety event this year.

Safety & Risk Management

Page 11

A MESSAGE FROM THE CHAIRMEN

What a great Spring Conference!! We had an outstanding line up of speakers. Thanks to all of our guest speakers for presenting at the Conference. Linda did a great job of planning all the events, from the Welcome Reception, to the weather and right down to me wearing a Parrot on my head. Well, she should have had it all planned out, she had a year to get ready for it.... Thanks to Covid 19.

The Safety Awards Presentations are always a special session at the Spring Conference. It gives the top Companies time to brag about their companies Safety Program and their employees. Well, this year's presentations were top shelf by 4 outstanding companies. Our hats are off to these companies. In the under 150,000-man hours category, we had Palmetto Rock and Gen 3 Energy Services. Congratulations to Palmetto Rock for winning the top award in this category. In the over 150,000-man hours category, we had TA Loving Company and Directional Services Inc (DSI). Congratulations to TA Loving Company for winning the top award in this category. These are 4 outstanding companies that are passionate about the safety of their employees.

We are planning our Safety and Risk Management Committee meeting for May 18th at James River Equipment in Garner from 10am until 12. We are working on the details at this very moment, so please check your emails as we will send out sign up information as we finalize this event. It has been well over a year since we met in person and I believe this event will be well attended, just like the Spring Conference.

We had some new companies that attended to Spring Conference for the first time. A person made a comment to me about what a great event it was, and how professional all the company representatives were at all the events. They said NUCA of the Carolinas was a great Association to be part of. I responded by saying for an Association to be this great it takes quality membership from Contractors and Associate members. We have a special "thing" going on with NUCA of the Carolinas, so lets keep building our Association.

From the Trenches,

Wes Sells, Safety Coordinator—B.R.S., Inc. / NUCA S&RM Committee Co-Chair
980-581-0141

NUCA Chapters across the nation recognized Construction Safety Week (May 3rd – May 7th) as a critical component of our organizations attempt to bring Safety Awareness to our membership. The focus this year is on Falls. Falls from elevation continue to be a leading cause of death for construction employees. These deaths are PREVENTABLE!!

Take time to talk to your employees about Falls and Fall Protection. Take time to train workers who have not been trained in Fall Protection and workers who want additional training. We have got to do our part to help workers in our industry fully grasp the importance of knowing, understanding, and practicing Fall Protection. Please tell your employees.... "The reward for staying Safe today.... Is Tomorrow".

Stay healthy! Stay focused! Stay SAFE!

Greg Maready – NUCA Safety Committee Co Chair

Lgoslee@nuccarolinas.org

May is here and with it more excavation than you can shake a backhoe at! NC 811 continues to see record numbers of requests, both by professional excavators and homeowners. Full throttle, wide open, no holds barred and any other way you want to state it: we're busy. In March alone we saw a 20% increase over the year prior. April was an 18% over 2020. This means we are already at 9.66% above YTD in 2020. Buckle up because if I had to make an estimation I would not be surprised to see the end of 2021 at 18-20% over the previous year. That jump would reflect an all time record.

On the enforcement front tremendous activity has been underway in the administration. Most significantly the new website www.udprb.nc.gov should be live by the time you read this. Check it out! It includes an explanation of the complaint driven process as well as the ability to create a complaint online using a web form. Additionally the site will contain minutes from previous meetings, a look at who is serving on the Board and their terms and much more.

NC 811 wants to remind everyone of the importance of limiting the number of requests to the work that is actually being done during the 15 full working days. The Locate Resolution Partnership Committee (LRPC) has been actively tracking the multiple update requests, specifically when the work duration is a day or less and the ticket has been "kept alive" for 45 days. Folks this impacts everyone and with the intense fiber installation, infrastructure improvements, DOT projects and a real estate building boom that doesn't show signs of stopping, anything we can do to keep the process running smoothly helps you get your work done safely and with minimal delays.

We have introduced the new "Revise" application! You can use this on your computer or your phone.

Ticket revisions will allow you to:

- Request a destroyed marks ticket for an existing notice,
- Cancel an existing ticket, or
- Request a 3-Hour notice on an existing ticket.

To process the ticket revision, you will need :

- The existing ticket number and the phone number that was provided when the request was made to perform these revisions
-

Folks, stay safe and I look forward to seeing you around the bend!

Trench Safety Stand Down: June 14-18, 2021

NUCA leadership scheduled the next industry-wide TSSD for June 14-18, 2021. NUCA's safety stand down presents the opportunity for employers to talk directly to their employees and others about safety around excavations and protecting employees from trenching hazards. This will be NUCA's fifth TSSD event (and our second June Trench Safety Month), so please mark those dates on your 2021 training calendars and plan to participate. **Safety is the top priority for everyone!**

NUCA Webinars—Go [HERE](#)

NUCA's Washington Summit is set for May 26th—Go [HERE](#) for preliminary schedule. If you would like to participate in the virtual meetings contact Linda Goslee at Lgoslee@nucacarolinas.org.

NUCA OPEN GOLF TOURNAMENT

2021 NUCA Open Golf Tournament

Thursday, July 29, 2021

“The Cardinal by Pete Dye”

5700 Cardinal Way
Greensboro, N.C. 27410

NUCA Members I'm very excited to announce that Congressman Mark Walker & Rep. Jon Hardister will be joining us at the NUCA Open this year. This is the first time having a Representatives join us for the event. I would like to see about donating from our PAC to both of their Campaigns. But to do that we need to raise some money for the PAC. Let see what we can raise over the next two months for our PAC. If you have any questions, please contact Linda or myself. Also, just to start it off I will donate \$1,000 dollars. Thanks, Kevin Cripps

Our New Grassroots Outreach Software Partnership

Organize. Mobilize. Muster.

Grassroots Tools To Drive Action

Muster's advocacy tools not only make it easy for you to build powerful campaigns, but simple for your advocates to click and take action via email, patch-through phone calls, social media, and more.

Advocacy At Every Level

Whether you have a local, state, or national issue to conquer, Muster's advocacy software gives you the power to target policy-makers at every level of government along with committees and custom targets.

Unparalleled District Matching

All of your contacts are geocoded, meaning we go beyond just zip-to-district matching to ensure your advocates are matched with their correct elected official by creating a coordinate for each address.

Data For Better Advocacy Campaigns

With real-time engagement analytics and the ability to export campaign and contact data — your organization can measure ROI, discover new supporters, and benchmark member engagement.

What Muster Does for NUCA Members

Muster – our new grassroots campaign platform – will allow NUCA to mobilize its membership for grassroots messaging campaigns, conduct geotargeted member surveys, and easily communicate with NUCA members on state and national issues. Our new convenient platform gives you a direct line to your Members of Congress and the Administration, and makes it easy to join other NUCA members in making your voice heard about the issues that matter to you and your business.

Muster messages will consist of email broadcasts and targeted online messaging campaigns which allow you to send letters to your state and federal lawmakers with only a few clicks, helping you to contact your representatives on issues that matter while only taking a few minutes out of your busy day. At a time when everything is virtual, your participation in our grassroots campaigns will be more effective than ever in pushing for positive change on NUCA issues.

What We Need from NUCA Members

Your contact information – name, email address, mailing address (for geotargeting purposes), and phone number – please ensure that your Chapter has your latest information, as Chapters will serve as our database

NUCA will be using an OPT-OUT system –

Please contact your ED as soon as possible if you do not wish to be contacted with NUCA grassroots communications. If you wish to opt-out in the future, please email zack@wymanassociates.net with your name and NUCA Chapter.

Note: this option will also remove you from member surveys and news broadcasts sent out through Muster
